

Memo

To: Kaycee Hathaway, CDS

From: Holly Myers, Environmental Health Supervisor

Date: March 13, 2015

RE: BL-15-00001 Mapes

After review of this BLA application, it appears that the proposed changes will incorporate the existing home, well and septic system onto one parcel. Based on the information provided it appears the well and septic meet all applicable setbacks. Based on this information EH recommends approval of this BLA.

Please let me know if you have any questions or need further information.
