

LAND USE PH COMMENTS

To: Dusty Pilkington

From: Holly Myers, Environmental Health Supervisor

Date: November 2, 2016

RE: BL-16-000105 BARE

After review of this BLA, it appears the proposed changes will incorporate the existing homes, water source and septic systems within appropriate setbacks from the new proposed property line. Public Health has no additional water or sewer requirements. Provision of the shared well users agreement and well log meet water adequacy and availability requirements.

Sincerely,

A handwritten signature in grey ink that reads "Holly Myers".

Holly Myers, Environmental Health Supervisor
