Can you verify the presence of a handwashing area for the Quilomene PF.

I was thinking I had commented on Mitchell BLA already didn't I?

For the Quilomene project I didn't see anything indicating handwashing. If there is handwashing available where is the freshwater/potable water coming from?

Please review for OSS and DW and let me know your thoughts by Friday 10/28.

Greetings. I was wondering if Environmental Health has had the opportunity to look over this Public

Facilities permit yet, that is associated with a shorelines substantial development permit. Also, I am wondering if anyone at EH has had a chance to look at the revised site plan for the Mitchell Boundary Line Adjustment. Links to both are below.
