I see no issues with the boundary line adjustment from the PH perspective.

Good Morning,

Sorry for the pressure but I need to get this BLA to the Assessor ASAP. I took over this file for Dusty and I could not find that you had had a chance to review it yet it has already been recorded so I wanted to give you a chance to see it if you had not already before I give final approval. Any way I can get you to look at it today? Thank you so much! And again I'm sorry for the rush.

Hello Everyone,

I have taken over the processing for this BLA and I cannot see that it was sent out for comments. Attached is the survey that has already been recorded, please look it over to verify that everything

looks ok.
Thank you!!
