---

Dusty,

These properties will be served by the Snoqualmie Pass Water District which is a Group A water system and the same utility district provides sewer infrastructure to these parcels as well. Public Health has no comment on the project.

Thank you,

Holly Duncan

Greetings. There was possibly some confusion as to the end of the comment period on this one. I forgot to change the date on my template when I sent it out. If possible, I would like to see comments back on this by the 21<sup>st</sup> of December if possible. If the confusion caused a delay, I totally understand, so let me know if that will be a problem.

Thanks!
