Chris,

That is the case, with one caveat on my end. I am pretty sure you plan to address it prior to recording, but note number 3 is incomplete on the version I have. The irrigable acres numbers need to be filled in. As far as I can tell, it is good to record provided that issue is addressed, along with PW comments.

Thanks,

Dusty – I was out of office last week and just getting back to you. Are we good to update our survey to address the PW comments and record?

Thanks,

Chris,

Find attached comments on the survey. There are a couple of minor issues on the survey that came up in review, as listed in the PW memo.

Thanks!
