

**Boundary Line Adjustment for Suncadia Phase 3 Divisions 15-16**

Suncadia Phase 3 Divisions 15 and 16 adjoin the northerly line of the plat of “Suncadia - Phase 3 Divisions 6 to 9 (Tumble Creek)”.

Water and sewer service will be provided by the Master Planned Resort (MPR).

The primary access to the site will be provided off the existing Tumble Creek Drive roadway.

There is a desire to revise the lines through this boundary line adjustment to adjust the northerly line of Tract OS-6 of the plat of “Suncadia - Phase 3 Divisions 6 to 9 (Tumble Creek)” and to realign certain tracts within Phase 3 of Tumble Creek to better fit with existing improvements and planning.
