Hello Rachael,

Pat Deneen dropped of a preliminary survey for final review of the Teanaway Ridge BLA. Dan and I decided to allow Pat to request final review for only a few of the parcels involved in the BLA at this time and then complete the rest later. This survey he submitted does not have the Auditors certificate yet. This means we can send it to Justin for final review, but Pat will need to submit a final survey with Auditors Certificate in order for us to send it off to the Assessor for recording. Once you get Justin's comments and Pat resubmits the final survey with Auditors Certificate, come talk to me and we can decide how to structure the final approval letter to ensure it is clear that the entire project has not received final approval yet.

I have saved the submitted documents in a folder named, "Final Approval Submittals" within the Decision folder of the digital file. I also placed the submittals on your desk. Let me know if you have any issues finding them.

Let me know if you have any questions.
