Thank you Leah, that's super helpful! That's what I gathered, but just wanted to be sure.

And Jeanne, thank you. I will continue processing this application, and get the comment period started today. The Health department will ask for any and all info on wells and septics so I was just trying to stay ahead of the curve. If you could provide that additional info as soon as you get it, that will be helpful!

Thanks so much.

Subject: RE: [EXTERNAL] BLA Application

Hi Rachael,

The aren't any wells that are used for water (domestic or other). There are two groundwater monitoring wells on the property. I can get you more information on them if needed. There are no septics on the property.

Hope this helps!

jeanne
