Holly,

I received an updated site plan that shows well and approximate location of drainfield for the Boundary Line Adjustment. I have attached it to this e-mail. Let me know if there are any issues/comments regarding Public Health requirements.

Thanks.

Holly,

I talked to the surveyor for this project today again and asked about the well location. He apparently talked to the applicants Friday and it sounded like they may be pulling the application for this Boundary Line Adjustment. He mentioned that they may be applying for Short Plat in the future instead. I will keep you updated on any developments with this project.

Thanks.
