Kelly:

Please find the amended comments page. These are requirements as the materials provided do not meet code for recording.

Thank you!

This is for final approval to record.... Since a majority of these items are RCW requirements for survey, I'm assuming they are required. Which would then require the applicant to resubmit an amended preliminary survey for review prior to recording. Is this the direction you were thinking? If so the header at the top sounds as though they are just suggestions.

Suggested at this point but will be required for final.
