FROM: Public Works Plan Review Team  
DATE: March 3, 2022  
SUBJECT: Cooke BL-22-00005

The Public Works Department has reviewed the Request for Boundary Line Adjustment and finds that it meets current Kittitas County Road Standards.

**Our department recommends final approval with the following conditions:**

- a. An approved access permit shall be required from the Kittitas County Department of Public Works prior to creating any new driveway access or modifying the existing access.
- b. Maintenance of driveway approaches shall be the responsibility of the owner whose property they serve. The County will not maintain accesses.
- c. Any further subdivision or lots to be served by proposed access may result in further access requirements. See Kittitas County Road Standards.
- d. Evidence of existing access and/or evidence of access to be created should be confirmed prior to sale of property.
- e. Access is not guaranteed to any existing or created parcel on this application.
- f. As the application does not include a survey map, comments will be reserved for final.
