

KITTITAS COUNTY

DEPARTMENT OF PUBLIC WORKS

MEMORANDUM

TO: All Staff
FROM: Public Works Plan Review Team
DATE: June 7th, 2023
SUBJECT: BL-23-00009 Rarden

| | |
|---------------------------|---|
| <p>ACCESS</p> | <ol style="list-style-type: none"> 1. An approved access permit shall be required from the Kittitas County Department of Public Works prior to creating any new driveway access or altering an existing access. 2. Maintenance of driveway approaches shall be the responsibility of the owner whose property they serve. The County will not maintain accesses. 3. Any further subdivision or lots to be served by proposed access may result in further access requirements. See Kittitas County Road Standards. 4. The joint-use driveway standards specified in Table 4-4A in KCC 12.04.080 can be used for a maximum of 4 parcels. Any additional development off the driveway will require the developer to upgrade from a joint-use driveway to a private road before additional access permits will be approved. 5. In addition to the above-mentioned conditions, all applicable Kittitas County Road Standards apply to this proposal. Access is not guaranteed to any existing or created parcel on this application. |
| <p>ENGINEERING</p> | <p>No comments (CC).</p> |
| <p>SURVEY</p> | <p>Provided site plan only, comments reserved for later date when survey is provided for final review. (KH)</p> <p>UPDATE 7/31/2023</p> <ol style="list-style-type: none"> 1. A detail window for the 0.37' line located at the East quarter corner of section would clarify things. 2. The North line of SE1/4 should be shown, in order to tie section corners to the survey. 3. Identify and note discrepancies with various bearings and corner positions (per discussion with Mr. Pierce). |

| | |
|---|--|
| | Of note: While a basis of bearing statement that references a single point and State Plane Coordinates is insufficient to serve as a true basis of bearing, it does meet the requirements of state law. |
| TRANSPORTATION CONCURRENCY | 1. Traffic Concurrency is required for all land use actions. A transportation impact analysis (TIA) shall be required for all development that will generate more than nine (9) peak hour vehicle trips. Please provide estimated traffic generation for peak hours to determine if a TIA will be required by submitting a traffic scoping letter to Public Works. (KCC 12.10.040(c)) |
| FLOOD & WATER MITIGATION/ METERING | No comments. (SC) |
