Re: BL-24-00001 Sligmann

Dear Zach Torrance-Smith,
Kittitas County Public Health has received the Boundary Line adjustment Application BL-24-00001 Sligmann and has a couple clarifying questions. Proposed sites A-E have the information needed to meet setbacks for Public Health's requirements. We do, however, need clarity on what the proposed site F has on site. According to TaxSifter, the well and septic system was removed. Please provide information on if the trailer on site is a habitable structure, and if there indeed is no well or septic on this proposed site.

Please do not hesitate to contact me if there are any additional questions or concerns.

Regards,
