Re: Myner (BL-14-00007)

Dear Mr. Watson:

After conducting a review of the recent changes to the above named project, I have the following comments:

- Ensure that boundary line adjustments do not infringe upon existing structures, to include propane tanks, etc.
- Ensure adequate access for fire apparatus. Any driveways or access points created based off the new lot configurations shall comply with Kittitas County Code 20.02.030.
- All future development must comply with the International Fire Code.

Any questions or concerns regarding fire service features may be directed to the Kittitas County Fire Marshal's Office at 509-962-7000.

Sincerely,

Brenda Larsen

They now are adjusting 3 parcels and only one parcel is from the original configuration. I attached the changes so you don't have to search of them. If you need anything else please let me know!

Thanks,
