Subject: Notice of Proposed Rezone of Property Adjacent to the Anderson Hay Non-Project Rezone, (CP-14-00001)

Dear Property Owner,

Your property is adjacent to an application known as the Anderson Hay Non-Project Rezone requesting a non-project rezone of 6 parcels totaling approximately 25.98 acres from Urban Residential to General Industrial, located in a portion of Section 11, Township 17 N, Range 18 E, WM in Kittitas County; Assessor's map numbers 17-18-11000-0006, -0010, -0017, -0024, -0025, and -0026 was received on Thursday, June 19, 2014. Revised documents were submitted on July 29, 2014 to clarify that the request is for General Industrial and not Light Industrial zoning. The Kittitas County Planning Commission held a public hearing on October 7, 2014 and continued said hearing to October 9, 2014 where a recommendation was made to the Board of County Commissioners that five (5) additional parcels be included in the non-project rezone and your parcel is one of these five additional parcels. These five (5) parcels include: 17-18-11055-0001, 17-18-11055-0002, 17-18-11055-0003, 17-18-11020-0020, and the parcel directly adjacent to the north of 17-18-11020-0025 that has been determined by the City of Ellensburg that it is part of the County jurisdiction and not within City Limits of Ellensburg.

You are being noticed of this potential change in zoning of your property from Urban Residential to General Industrial so that you may make written comment and/or attend and make verbal comment at the open public record hearing before the Board of County Commissioners on November 4, 2014 at 6:00 pm in the Kittitas County Armory Building at the Fairgrounds. The Board of County Commissioners will be making a final decision on this matter prior to the end of the year and the record is closed at their discretion after the November 4th hearing.

Please see the attached staff report dated November 4, 2014 for an overview of the subject parcels. Additional application materials can be found on the Kittitas County Website at:
