Ms. Anna Nelson
GordonDerr LLP
2025 First Avenue, Suite 500,
Seattle, WA 98121-3140

Dear Anna:

On behalf of Teanaway Solar Reserve, LLC (TSR), please find enclosed a matrix summarizing the public comments received on the Conditional Use Permit application (CU-09-0005) and draft Development Agreement for the Teanaway Solar Reserve project ("Project"), along with TSR's approaches for responding to these comments. We also recognize that the information outlined in the matrix, as well as other additional information which may be requested by the County, is critical for the County's underlying SEPA determination.

As you know, slight changes to a project often occur in the course of responding to public comments or requests for additional information, largely in the form of additional mitigation. We understand that such modifications or additional information may require an addendum to the Expanded SEPA Checklist. We do not, however, foresee any substantial change to the Project in the form of any new significant adverse impacts. Should this change, TSR will contact you immediately. In the meantime, we appreciate your time and attention to this matter. Should you have any questions, please don't hesitate to call me at 503.872.4803.

Sincerely,

CH2M HILL, Inc
