RE: *Red's Fly Shop CUP (CU-13-00003)*

Dear Mr. Joyce:

Kittitas County Community Development Services received a packet of information from you on June 13, 2014. This packet of information was intended to show proof of meeting the conditions of the Red's Fly Shop Conditional Use Permit (CU-13-00003) to operate a clay sporting range. As of the date of this letter, Community Development Services has reviewed the submitted information and determined that additional information is necessary to meet the conditions of the Red's Fly Shop CUP.

In order for the County to continue processing this application and issue the final CUP document for operation of the Range, additional information is required. The following information is due to the County by ***March 7, 2015***:

- To meet condition #3, III., Environmental B., a statement needs to be made in the *Red's Sporting Clays Range Safety & Operation Manual* that only "non-toxic, biodegradable clay targets are allowed to be used on the course."
- To meet condition #3, III., Environmental C., a statement needs to be made in the *Red's Sporting Clays Range Safety & Operation Manual* that Red's Hunting adheres to the "practices and recommendations of the NRA Range Sourcebook."

All other conditions of the Red's Fly Shop Conditional Use Permit (CU-13-00003) have been satisfied. When the County receives this information, staff will continue review of this project for conformance with the approved conditions and, if appropriate, will issue a final Conditional Use Permit approval letter.

If you have any questions regarding this matter, please feel free to contact me at 509.962.7637 or by email at lindsey.ozbolt@co.kittitas.wa.us

Sincerely,

Lindsey Ozbolt
