Hi Mark,

I just realized that I missed a week somewhere today and that I will be able to put Valley Vet on the Agenda for December 17th closed record hearing at 10:00 am before the BOCC. This means that the enabling documents will be before the BOCC for signature on the January 7th date.

I apologize for the confusion.

Hi Mark,

I will be placing Valley Vet on the schedule for a closed record meeting before the Commissioners on the January 7th agenda date. I will be adding it next week and do not see an issue with that date occurring.

Please let me know if you have any questions about the closed record hearing process.

Regards,

Lindsey Ozbolt

Lindsey,

Thank you for the update. Could you confirm when the closed door commissioner's hearing on this permit will be scheduled?

Good afternoon Dr. Hayden.

Please find attached the Hearing Examiner's recommendation on your conditional use permit application CU-13-00006. This document has been uploaded to the County website as well.
