

Memo

To: Jeff Watson, CDS
From: Erin Moore, Environmental Health Technician
Date: March 14, 2014
RE: Helena Substation CU-13-00008

The Kittitas County Public Health Department has reviewed the Conditional Use Permit application referenced above and finds that it does not require any action from public health regarding septic or drinking water. Please recommend for approval.

Please let me know if you have any questions or need further information.
