Christina

The Brains will not be able to share or use any portion of the Knudson property where they tried to acquire a new easement. Pete Heger has been working with the city and attached is his permit to install the new access point. Please review and let me know what you need from us to complete this short plat.

Hi Chris,

Sorry for the slow reply. Does this easement require a new access onto Vantage Highway, or will they be able to consolidate the access points? This portion of Vantage Highway is in the city, so if they need to build a new access they need to go through the city for approval.

Christina,

I have been told that the easement from Vantage Hwy through the Knudson property is no longer an option. The goal was to consolidate the existing easements into one 60' wide easement for use by all parties but could not agree on a value. The Brain family kept a 30' easement across the Thompson property when they sold it in 1981. Attached is an exhibit showing an access with said 30' easement to proposed parcel 1. Could you please review and contact me back with concerns or if you would like to meet with us and go over how to get access to proposed lot 1.

Thanks,
Chris Cruse P.L.S.
