RE: Emerson Road Outdoor Marijuana Operation

I would like to express my concern for the above mentioned proposal. There is already a large indoor operation at this location and has not caused problems. My concern is with an open-grow. What will be the increase of traffic in the area? Will there be additional security at the operation?

We already have an abundance of speeding drivers and a number don't seem to see the stop signs. There does not seem to be any penalties for either as there doesn't seem to be too many sheriff's patrols. Will there be an increase of law enforcement visibility?

There are a lot of walkers in the neighborhood and, without extra security, I am concerned about increase of traffic without an increase of safety measures.

Thank you for your consideration.
