KITTITAS COUNTY BOARD OF COMMISSIONERS

Dear Ms. Hathaway, and Planning Department,

Regarding CU-14-00005, we are adamantly against the passing of this conditional use permit. Although not in the adjoining neighborhood we do live in the area and will be affected by the changes this would allow.

1. Enclosed is a copy of Sheriff activity at another marijuana operation in the Badger Pocket area. The seven calls in a six week period leave the rest of us without protection in time of need as there are only two to three officers on duty for the entire county at night. This same facility has already had one fire, so now we want two facilities depleting our limiting county resources so the rest of the county tax payers are left without service when needed?
2. Robert McKendrick has done work on a farm in proximity of approximately of ¼ mile from Life Gardens, producer in Badger Pocket and was appalled at the strong odor of the marijuana permeating the air.
3. Mr. McDonald also had a Marijuana Delivery business known as Rodeo City Meds. This will increase traffic in the area and on Thrall road drastically. These are farm roads never meant as high traffic areas, not to mention the families with children who play near these roads.
4. In reviewing the application of Mr. McDonald I am VERY concerned with the environmental elements. "Burning and composting sewage"? How can this be? I am sure when this is presented to the environmental protection agency they are not going to be happy with Kittitas County allowing such.
5. Please note the copy of the newspaper article written by Sheri Powers. This documents the neighborhood ramifications of increased traffic, unknown people trespassing, safety, and serenity of land ownership. Where are the rights of the adjoining neighbors?
6. If you investigate Puffin Farms on Highway 10 you will note lights and heaters running twenty four hours per day. Not only is this an annoyance for adjoining property owners but a waste of finite resources.
7. AND LASTLY HOW CAN YOU EVEN CONSIDER ALLOWING THIS OPERATION IN THE CLOSE PROXIMITY OF A PRIVATE SCHOOL??????? BRETHREN SCHOOL IS HERE FOR THE GOOD OF THE COMMUNITY AND THE CHILDREN AND SHOULD NOT BE SUBJECTED TO ANY OF THE ABOVE LISTED CONCERNS.

It is our expectations that the county development services will serve the citizens of this county appropriately and NOT issue the conditional use permit for tax parcel 19660 and Mr. McDonald for the production of Marijuana.

Sincerely,   

Robert and Stephanie McKendrick
