KITTITAS COUNTY
CDP

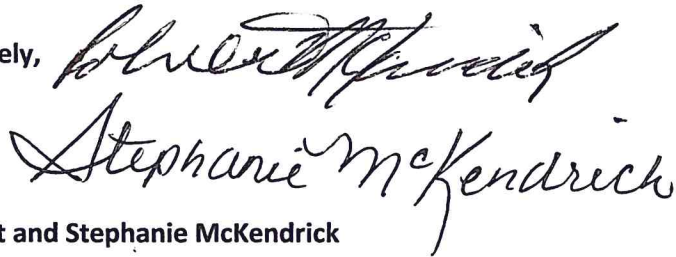

Dear Ms. Hathaway, and Planning Department,

Regarding CU-14-00005, we are adamantly against the passing of this conditional use permit. Although not in the adjoining neighborhood we do live in the area and will be affected by the changes this would allow.

1. Enclosed is a copy of Sheriff activity at another marijuana operation in the Badger Pocket area. The seven calls in a six week period leave the rest of us without protection in time of need as there are only two to three officers on duty for the entire county at night. This same facility has already had one fire, so now we want two facilities depleting our limiting county resources so the rest of the county tax payers are left without service when needed?
2. Robert McKendrick has done work on a farm in proximity of approximately of $\frac{3}{4}$ mile from Life Gardens, producer in Badger Pocket and was appalled at the strong odor of the marijuana permeating the air.
3. Mr. McDonald also had a Marijuana Delivery business known as Rodeo City Meds. This will increase traffic in the area and on Thrall road drastically. These are farm roads never meant as high traffic areas, not to mention the families with children who play near these roads.
4. In reviewing the application of Mr. McDonald I am VERY concerned with the environmental elements. "Burning and composting sewage"? How can this be? I am sure when this is presented to the environmental protection agency they are not going to be happy with Kittitas County allowing such.
5. Please note the copy of the newspaper article written by Sheri Powers. This documents the neighborhood ramifications of increased traffic, unknown people trespassing, safety, and serenity of land ownership. Where are the rights of the adjoining neighbors?
6. If you investigate Puffin Farms on Highway 10 you will note lights and heaters running twenty four hours per day. Not only is this an annoyance for adjoining property owners but a waste of finite resources.
7. AND LASTLY HOW CAN YOU EVEN CONSIDER ALLOWING THIS OPERATION IN THE CLOSE PROXIMITY OF A PRIVATE SCHOOL??????? BRETHREN SCHOOL IS HERE FOR THE GOOD OF THE COMMUNITY AND THE CHILDREN AND SHOULD NOT BE SUBJECTED TO ANY OF THE ABOVE LISTED CONCERNS.

It is our expectations that the county development services will serve the citizens of this county appropriately and NOT issue the conditional use permit for tax parcel 19660 and Mr. McDonald for the production of Marijuana.

Sincerely,

Handwritten signature of Stephanie McKendrick in cursive script.

Robert and Stephanie McKendrick

Hybrid

Fruity Pebbles

Fruity Pebbles

Fruity Pebbles (AKA Fruity Pebbles OG) by Alien Genetics was a limited-time offering from the breeder. This sweet hybrid takes genetics from Green Ribbon, Granddaddy Purple, Tahoe OG, and Alien Kush to create a tropical, berry flavor reminiscent of the cereal. The euphoric effects will keep you happy when you're stressed and help you catch some sleep when faced with insomnia. Sit back, relax, and pour yourself a bowl of Fruity Pebbles!

Dispensary Description

Bringing you giggles and munchies, this hybrid is great during the day. Testing at 23.13% THC

eighth **\$110**
half **\$200**
ounce

Dispensary Description

Sativa dominate skunk. Nice growing that forms large chunky buds. Not the Strongest strain, but a good light day time smoke that keeps you moving all day long.

Orange Kush

\$10
gram

Indica

Orange Kush

Orange Kush

Orange Kush was bred by Green Devil Genetics and is the child of Orange Bud and OG Kush. It eases the body into relaxation while lifting moods with a sweet and tangy citrus flavor. This strain is resistant to most pests and mold and has long, dense buds with many orange hairs and trichome crystals.

Overall Rating: 7.71 based on 238 ratings

Effects | Medical Usage | Negatives

Euphoric Happy **Relaxed** Sleepy Uplifted
