To whom it may concern,

As the owner-steward of the property located at 1063 Emerson Road, I respectfully share my concern about the wisdom and safety of marijuana being grown in this vicinity. Also, I served on the original advisory board of Brethren Frontier School which has been in operation for quite a number of years on the property immediately adjoining our property to the north, and I am concerned about the implications of standing where I can look through the fence and see and hear children playing on the school playground and at the same time look across the road at greenhouses intending to propagate marijuana. I have no ill-will toward any individuals, but I feel to humbly request that those in responsible places of civil authority would consider this carefully and honestly, and we will pray for you as you seek to make the right decision.

A handwritten signature in cursive script that reads "Joseph Root".
