Dear Kaycee,

Two matters that I would appreciate information regarding. The first is conditional use permit number CUD-CU14-0005. I have been following this application and do not see what is on the agenda now. Has a recommendation been made to the BOCC? Have they set a meeting regarding this?

Also when talking to Doc Hanson, he related that I should be on your email list to get this pertinent information. I am not sure how to get on that list. I am on the Kittitas County email list, but do you have a more identified list?

I know your time is valuable and I do appreciate the follow up.
