**LICENSE No.: 415857-7L  
UBI: 603-356-494-001-0002**

Your license has been approved for the following:

**MARIJUANA PRODUCER TIER 3  
MARIJUANA PROCESSOR**

This license is valid through December 31, 2015.

**You must post this letter in a public service area as your temporary operating permit.** If you do not receive your Business License with marijuana endorsement(s) within 15 days, please contact Department of Revenue's Business Licensing Service/Specialty Licenses at (360) 705-6744.

The license allows you to produce a maximum of 21,000 square feet of marijuana for sale at wholesale to marijuana processor licensees and to other marijuana producer licensees. This license also allows you to process, package, and label usable marijuana and marijuana-infused products for sale at wholesale to marijuana retailers.

You have fifteen days from the date of the traceability system access e-mail to have all seeds, clones, nonflowering marijuana plants and plant tissue physically on the licensed premises. Within 24 hours you must record all seeds, clones, nonflowering marijuana plants, and plant tissue that enters the facility during this fifteen day time frame into the traceability system. The traceability system access begins the morning following the date of this letter.

No flowering marijuana plants may be brought into the facility during this fifteen day time frame. After this fifteen day time frame expires, you may only start plants from seed, plant tissue or create clones from a marijuana plant located physically on your licensed premise, or purchase marijuana seeds, plant tissue, clones or plants from another licensed producer.

Persons under 21 years of age are not permitted on the premises. A sign reading "Persons under twenty-one years of age not permitted on these premises" must be posted in a conspicuous location at each entry to the premises (WAC 314-55-086).

The licensee must ensure required information is entered into the traceability system and kept completely up-to-date as stated in WAC 314-55-083(4).

Changes in ownership, alterations to your operating and/or floor plan, and business relocation require prior Board approval. If you wish to make such changes, please contact our office for assistance.

In accordance with WAC 314-55-020(11) the issuance of the license by the WSLCB shall not be construed as a license for, or an approval of, any violations of local rules or ordinances including, but not limited to: Building and fire codes, zoning ordinances, and business licensing requirements.

Your marijuana license can be renewed through the Department of Revenue Business Licensing Service. Information on how to do this will be included on your renewal notice.
