Please fill out the attached concurrency application and return to me. Instead of lots/units, please provide information about the expected use and the number of parking spaces. The SEPA checklist does not provide an estimated use. If you are unable to provide the expected use, please provide a short explanation why (for example, it will change with season, weather, day of week, etc).

Also describe the current use of the site and the type of traffic it generates currently.

If you have questions please call.

Thank you,

Christina Wollman, AICP CFM
