Re: Request for Proposal to Postpone Hearing on CU-14-00006 SD=14=00003

Dear Mr. Kottkamp:

This letter is in response to the Mr. Bill Williamson request to postpone the hearing for Washington Department of Fish and Wildlife's (WDFW) Boat Launch (referenced above) scheduled for June 11, 2015. WDFW requests the hearing **not** be postponed.

WDFW has heard from numerous members of the public who have expressed a desire to be present at the hearing. To our knowledge, representatives from the fishing guide community, Trout Unlimited, Department of Transportation, Kittitas County Field and Stream, WDFW Regional staff, and the rafting community have all prepared for the June 11th hearing.

WDFW's Permit Specialist managing this project is unable to make any date after June 11th due to an approaching maternity leave.

Additionally, construction at this site is time sensitive. Delays in permitting, will delay the potential start date for construction. With our funding expiring on June 30, 2016, the low water this fall will be the best construction window for the boat ramp.

This is an important project for boater and rafter safety and WDFW desires no additional delays in the project schedule.

Please move forward with the hearing as scheduled for June 11, 2015.

Sincerely,

Timothy W. Burns, P.E.

Mr. Examiner — per your email below, the deadline to respond to GT Ranch's motion was 5pm yesterday. It warrants noting that the Department of Fish & Wildlife did not respond to the motion or otherwise oppose it by the deadline; only the County did. The County, however, has no interest here beyond that of regulator or administrator. The truly interested parties are DFW and GT Ranch.

So, ultimately, GT Ranch made a motion and the only other truly interested party didn't oppose. This—taken together with the County's earlier failure to deal with GT Ranch's counsel in good faith—simply underscores that the motion should be granted.
