Re: WDFW Hwy 10 Conditional Use Permit and Shoreline Conditional Use Permit

Project: CU-14-00006 and SD-14-00003

Dear Ms. Ozbolt:

My name is William Richard (Dick) Fields, Jr. and along with my wife Adrienne R. Fields, own property to the west of the proposed project. Even though we are on the opposite side of the Yakima River from the proposed boat launch we feel that we will be adversely affected by persons using this facility. Presently we experience fishermen who exit the river and somehow find their way to our property line through private property that adjoins ours. Our neighbors have to put up with people presently trespassing onto their property, disregarding "No Trespassing" signs and leaving trash. We feel that this facility will only encourage and increase that unwanted activity. Unless the county has included in their budgets to provide additional patrols for this area when the facility is in use then we strongly oppose this project.

Respectfully submitted,

William and Adrienne Fields
