Good morning Kaycee;
I thought that might be the case but thought I should verify.
I'm sure you will be contacted by Mark.

Cheers!

Chris

Good morning Kaycee!

I notice this email does not have all the attachments of your previous email, it really does not make a difference to me & I forwarded all the attachments to our environmental specialist so he can reference everything; I just didn't know if you intended to send attachments along or not.

I forwarded your original email (with attachments) to our environmental specialist Mark Schulz, he is the guy here that coordinates (at least initially) all our permitting.

Mark.Schulz@Parks.WA.Gov 509 665 4339

Mark is out today Monday May 11th However I will stop by his office when he gets in & be sure he knows about this CU application.

Hope you had a great weekend!

Chris

Good afternoon Kaycee;

I will get this information to the correct folks here at State Parks & give you a call with that contact information Monday morning.

Hope you had a great weekend!!

Chris

[CU-15-00001 Crowe Master File \(For County Network Users Only\)](#)
[On-Line Folder for Conditional Use Permits \(For Users Off County Network\)](#)

NOTICE OF APPLICATION AND SEPA COMMENT PERIOD: Kittitas County Community Development Services will accept comments through 5:00 p.m. on Tuesday, May 26, 2015

Kittitas County has received a SEPA Checklist for this project application; see attached.

The County expects to issue a Determination of Non-Significance (DNS) for this proposal, and will use the optional DNS process, meaning this may be the only opportunity for the public to comment on the environmental impacts of the proposal. Mitigation measures may be required under applicable codes, such as Title 17 Zoning, Title 17A Critical Areas, and the Fire Code, and the project review process may incorporate or require mitigation measures regardless of whether an EIS is prepared. A copy of the threshold determination may be obtained from the County.

Agencies within the county network may review the application master file via the above internal link or through EDEN. Agencies outside of the county network can use the above external link to view a static copy of the Master File for this project as of today's date. As the project progresses ongoing and individual documentation may be found [HERE](#). Comments within the body of an email are encouraged, but may be submitted as attachments or hardcopy to:
