Subject: RE: Wheatley CUP CU-15-00003 Notice of Application

Follow Up Flag: Follow up
Flag Status: Completed

Ms. Ozbolt:

Per this application – DOH review of the SEPA application per the utility “water” shows the following:

- On Page 8, they cross out “water” and identify “Well” by handwriting.
- On Page 12 (not numbered but is the last, and 12th, page), they describe using water from the well consistent with a public water system for public water use (including consumption).

DOH comments:

1. If the well is not an approved source for a Group A or Group B water system, the well needs to be approved by DOH or Kittitas County Health (depending on whether the water system will be a Group A or Group B, respectively, system).
2. If this business is not part of an approved water system, the water system needs to be approved as either a Group A or Group B water system, through either DOH or Kittitas County Health, respectively.

Thanks,

Russell E. Mau, PhD, PE
