Ninon,

Please find attached the letter of Deem complete for the Wheatley CUP (CU-15-00003). A hard copy has been placed in the mail to both you and the land owner. The next step is to come to CDS during normal business hours and pick up the land use action sign that must be posted on the project site. Instructions for the sign placement and documentation will be provided when you pick up the sign.

If you have any questions please let me know.

Regards,
