Hello Lindsey,

I have given a great deal of thought into this and believe that i need to complete the CUP. After it is done I have no idea what will happen with the project after it is completed.

Ninon,

Please find attached the Hearing Examiner's recommendation on CU-15-00003. As outlined in a previous email, the next step is to schedule the closed record hearing with the Board of County Commissioners. Please either email or call me letting me know that you would like to move forward so that I can schedule the meeting with the BOCC for one of their regular meetings in March.

Thanks,

Lindsey Ozbolt
