Dear Mr. Jeff Watson,

We are writing to express our support of the Iron Horse Solar Farm. As a longtime residents of the county, we welcome solar energy as a way for landowners to diversify their income and make ends meet. As private land owners we support private property rights and see this as an appropriate use of land.

This type of economic development in Kittitas valley is progress that we can be proud of. We would like to recommend that the county approves this permit. Thank you for your time and consideration.

Best Regards,

William C (Buck) Charles
