Project File Number CU-15-000
Project name: Iron Horse
Applicant: One Energy Development LLC

Attention: to whom it may concern;

→ will be very brief.

a letter late ed say in notifying
all homeowners and residents of
proposed project.

I for one am with many protesting
this project.

I would prefer this land be kept
for the purpose of agriculture for
which it was intended.

I believe with more extended research,
another property is available for
this energy proposal.

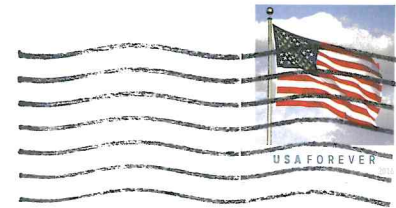

To me this project would be
a distraction to the beauty of the
surrounding properties.

What long term effects would this
project have on existing land owners?
More taxes, future sales and on it goes.

Don't take away what naturally
belongs to the residents of agriculture.
This project is not compatible
to the landowner and residents in the
area.

Sincerely,
Sam McMichael
