Subject: FW: Info Call - Chimpanzee Sanctuary - Email 2

Hi Dusty –

I sent a quick email to JB Mulcahy at the chimpanzee sanctuary to verify that he has revised his plans since I last talked with him. Once he gets back to me I should be able to have a more intelligent conversation about the situation. I told him in my email that if his plans are now as shown on the attached aerial, he'll need to submit a Land Use Application to me for review before it can be approved by BPA.

Feel free to give me a call anyway, if you want. I'll be in and out of coverage tomorrow, but will answer if I can!

LESLI (OLSON) DENNIS

Sorry Lesli

Here's the email I received from the caller and failed to attach. Thank you!

Subject: RE: Land Use Application

Attached are a PDF showing all the information on the project. Also attached is a copy of the map showing what our GIS layers say is your right of way, along with proposed additions. Bear in mind that the proposed additions on the map come from a site drawing that is not exceptionally accurate. This one MIGHT cross your right of way.

Follow the hyperlink for more relevant info. I tried to send a master file that has everything, but it was too big for Outlook.
