Follow Up Flag: Follow up
Flag Status: Flagged

Mr. Watson:

The referenced water system:

Hart Ranch, AA391M

is a Group B water system that currently has three (3) active connections and zero (0) approved connections.

So, for adding additional water system demands, DOH requires the completion of a Capacity Analysis, required to be completed by a Professional Engineer, licensed in the State of Washington.

Thanks,

Russell E. Mau, PhD, PE
Regional Engineer
