Subject: Westside Solar - CUP and SEPA Application

Good Afternoon,

Westside Solar, LLC had a pre-application meeting with Jeremy Johnston on September 4, 2019. We are now submitting our full CUP application and associated SEPA checklist and supporting documents.

Hardcopies of all CUP and SEPA materials will be arriving to the Kittitas County Community Development Services office via FEDEX tomorrow. The only exception is the full-size site plan which, according to FEDEX tracking, arrived to KCCDS this morning.

I have also compiled electronic versions of all the documents being submitted. The electronic versions can be accessed [here](#).

Thank you in advance for your review of our application. Please don't hesitate to reach out with any questions during your review; I'm always more than happy to answer questions about our projects or discuss solar energy in general.

Best Regards,
Rachel
