Hi Jeremy,

The landowner repaired the sign. I've attached a photo.

Thanks again for letting us know!
Rachel

Hi Jeremy,

Thank you so much for bringing this to our attention. We had the current landowners checking on the sign to make sure it stayed secure. I'll be asking them to stop by today to fix the sign and take a photo. I'll send you a picture of the re-secured sign as soon as I can.

Thanks,
Rachel

Good Morning,

I received some photos today from a neighbor showing that the posting sign is not secured at the Westside Solar Site. It is important that this sign remain legible from the road. Our County tends to be very windy, so it may require a more substantial mounting system. Please re-secure the sign as soon as possible to ensure compliance with KCC15A. If you can let me know when the sign is re-secured I would appreciate it, thank you.
