Hi Kelly ,

I witnessed this procession and took the pics near lower Emerick Rd. There were 17 bull elk crossing towards the top Emerick Rd. I send these to you to prove we have many species of wild animals who use the Emerick/Hidden Valley corridor to reach nearby higher elevations, ie where Hidden Point LLC and Lookout mountain are. Please add these to our community file. I have witnessed this in years past in my pasture right below Hidden Point LLC property. Please let me know you received this.

Happy New Year,
Lori Seligmann
