Thank you, Jeremy. I was able to get ahold of Joshua in regards to the primitive camping and the plan has not changed from the Pre-application meeting. The primitive camping will remain for personal use and not for the public. I appreciate your help with the verbiage and I will get the Legal notice updated and plan to issue on Tuesday.

Thank you,

Hi Kelly,

I adjusted a few things in the notice including the language about the campground. I did this on the assumption that they still had no plans to make the camping open to the public. You will need to make the same changes in the NOA legal document. Let me know if you have any questions or if the applicant has a different plan for these campsites.
