Rachael,

The applicants for this project will need to work with the Washington State Department of Health in Spokane to get the water system approved as a Group A, transient non-community water system. The individual they need to contact is Russell Mau and he can be reached directly at 509-329-2116. They will also need to contact the Kittitas County Public Health department to be sure the on-site sewage system installed will accommodate the expected flows of the project.

Thank you,

Holly Erdman]
