Jeremiah,

Cascade Irrigation does use Lyle Creek for deliveries. Once the water leave the Cascade canal we do not control or maintain any portion thereof. The diversions of Lyle Creek in any direction have been installed many years ago by various land owners. I hope this answers your questions.

Hello,

Please see the attached comments from Fish & Wildlife regarding the East branch of Lyle Creek. CDS would like to know if Cascade Irrigation District uses and/or maintains this branch for irrigation deliveries?

Thanks.

This parcel already receives water from Cascade Irrigation and the proposed changes should not affect their use. No other comments at this time.
