Hi Kelly,

Thanks for the opportunity to comment. We just wanted to let the proponents know that the stream adjacent to their property is Badger Creek (sometimes referred to as Whipple Wasteway) and is home to salmon and steelhead as well as other native fish species and beavers. If the project proponents would be interested in enhancing their existing riparian habitat and/or learning more about Badger Creek, please have them contact me and I'd be happy to work with them.

Thank you and have a good weekend,
Jen
