Mr. Cromie:

The Department of Health (DOH) Office of Drinking Water (ODW) has the following comment:

- Based on the type of uses of the proposed development, the water system will be a Group A public water system. So, the applicant will need to follow through on a water system application with DOH ODW.
- For a new Group A public water system application, DOH requires certain portions to be completed by a Professional Engineer licensed in the State of Washington.
- For a new Group A public water system, the application includes a Well Site Inspection. DOH ODW refers the applicant to contact Kittitas County Health to conduct the inspection.

I look forward to response to these comments.

If anyone has any questions or concerns, please contact DOH.

Thanks,

**Russell E. Mau, PhD, PE**
