Oh... I didn't know you were waiting on us. Cruise said we wait until you come back telling us what to do to proceed forward.

I don't have the comments in front of me right now but the one on top of my head was PUDs concern. We will get with PUD to get a power plan in place and proceed with their recommendations.

As far as the culture survey or critical areas if it's deemed necessary to proceed we will obviously get those done as the county requires.

Sorry for the confusion on my part. Having never done a project like this before I wasn't sure the protocol.

In your professional opinion is there any subjects that came back from the comments that the county would like specifically addressed with comments from us?

Good morning Nick,

Were there any additional responses to the comments received during the comment period? Those were to be returned to me by this afternoon at 5pm. I did receive your response to the irrigation concerns.

Thank you,

Kelly Bacon

Good Afternoon Kelly,

Just reaching out for an update on our application. Is there any other info that we could provide? Also do you have a timeline for us?

Thanks for your help!
