Kittitas County Public Works performed two previous reviews (April 23, 2019 and July 26, 2019) of the Final Plat application for Palomino Fields Division 5. Kittitas County Public Works have completed a third review of the materials you submitted on September 9, 2019 and again discovered necessary corrections and roadway concerns. Kittitas County Public Works will require additional fees (as outlined in the attached memo) for any further review of the Palomino Fields Division 5 final plat (LPF-19-00004). CDS is returning your application to allow for all requirements to be met pursuant to RCW 58.17.140. Once the final mylar is submitted to CDS, meeting all requirements, a new thirty day review window will begin and a date for anticipated BOCC signature will be provided. Please work directly with Public Works regarding their requirements if any questions arise.

Staff is committed to working with you to facilitate this process as much as possible. Should you have any questions or concerns regarding this letter, please do not hesitate to contact me at 509-962-7065 or via email:
