RE: Crowe Preliminary Short Plat (P-07-51)
Status: Planning Commission Hearing - February 12, 2008

Dear Ms. Moynihan:

This is to memorialize the conversation I had with Mr. Piercy on February 20, 2008, which restated the position I communicated to you in an email dated February 14, 2008, and that is that the applicant was requesting a continuance of the February 26, 2008 Planning Commission hearing because of his prior commitment to attend a board meeting with Hope Source.

Mr. Piercy has indicated that you would need this written request from my office in order to have the matter continued at the next Planning Commission hearing, but that upon receipt it would be considered unnecessary for the applicant or any representative to appear on February 26, 2008.

Please let me know if anything further is needed to continue the February 26, 2008 hearing, and unless notified to the contrary, we shall not make an appearance and consider it to be continued to the next hearing date. Please also let me know when that hearing will take place.

Very truly yours,

John H.F. Ufkes
