Ok. Got it. Sorry about the misunderstanding on my part. I know now that the 1 acre parcel could never be sold separately. I don't need the well information. Thank you.

The 1 acre piece is only for tax purposes, it is truly not its own parcel.

Chelsea,

The only reason I asked for the distance that the well is from the property line is because the well looks like it is inside of the 1 acre square with the house and the septic system. I thought I understood that the rest of the parcels were being combined except for this one remaining acre. Did I understand correctly or did I miss something?

Hello ☺

This is a parcel combination so there are no lot lines being moved. Do you still need to know the well setback?
Thank you!

Chelsea,

Thank you for this opportunity to comment. On the site plan provided, the distance from the property line to the well is unclear. A scale is provided but following that scale, the well doesn't meet the required 50 foot property line setback. Public health needs to know the distance the well is from the proposed property line.

Thank you,

Good Morning,

Please review the following Boundary Line Parcel Combination application submitted by Peter Ackroyd (CB-19-00001). Any comments need to be submitted by 5pm on February 14th. Please let me know if you have any questions.
